## Shareholder Reward Scheme

As a thank you to our supporters TSL Ltd has devised a shareholder reward scheme.

All shareholders will receive a subscription to our house magazine “The Toddington Standard” which will be published twice a year plus updating e-newsletters in-between. In addition shareholders will receive invitations to view 76077’s progress on selected open days at Locomotive Maintenance Services (LMS), our contractor’s workshop. We would also encourage shareholders to get involved in the restoration of the locomotive either practically on the tools or with the running of the company.

As the value of your shareholding increases you will automatically receive the benefits shown below.
